SUMMARY

SUMMARY Informatics Engineering graduate from Universitas Kristen Satya Wacana with a strong focus on software engineering, particularly web development and cloud-based systems. Experienced in developing a Pension Fund Information System covering general ledger, financial reporting, journal processing, and balance reconciliation to ensure accounting accuracy and compliance. Proficient in, JavaScript, Typescript, and PHP, primarily working in Linux-based environments with cross-platform experience in Windows. Driven by strong curiosity, continuous learning, and collaborative professionalism, with a deep passion for system design and building scalable, efficient architectures that maximize project impact.

TECHNICAL SKILLS

PROGRAMMING LANGUAGE & DATABASE

- PHP
- HTML, CSS, Javascript
- Python
- MySQL
- PostgreSQL

FRAMEWORK & SOFTWARE DEVELOPMENT

- Laravel
- Vue.js
- UI/UX Design with Figma
- User Acceptance Testing (UAT)
- Linux

PROFESSIONAL SKILLS

- Problem Solving, Project Management, Requirement Analysis, Adaptability, Communication Skill, Code Review & Debugging, Testing & Troubleshooting, Technical Documentation, Cross-Platform Development, Software Testing,

WORK EXPERIENCES

Dana Pensiun Sekolah Kristen Salatiga

Internship Fullstack Web Developer

July 2024 – December 2025

- **Migrated** a legacy VDOS-based financial system to a modern Laravel web application (DAPENSE) and developed key modules including General Ledger, Journal Processing, Cash & Bank Transactions, Financial Reporting, and Balance Reconciliation, improving operational efficiency by **30-40%**.
- **Collaborated** directly with finance stakeholders to translate accounting workflows into scalable system features.
- **Reduced** manual input errors by approximately **25-30%** through structured UI/UX redesign and validation controls.
- **Applied** iterative Agile cycles (1-2 week sprints) with stakeholder evaluation and feature refinement.
- **Conducted** system testing (unit, integration, UAT) to ensure production reliability and stable deployment.

FTI UKSW

Teaching Assistant - Web Developer

August 2024 – December 2024

- **Managed** and supported 4 web development classes with **100+** students in debugging and applied problem-solving.
- **Delivered** structured instruction fundamentals on HTML, CSS, PHP, and MySQL Database.
- **Reviewed** 400+ coding assignments, ensuring progressive improvement in logic, structure, and best practices.
- **Standardized** evaluation criteria to maintain grading consistency across multiple classes.

HMPTI (Himpunan Mahasiswa Program Studi S1 TI)

Teaching Assistant Coordinator

January 2023 - November 2023

- **Led** and supervised **20+** teaching assistants across multiple Informatics Engineering courses.
- **Monitored** academic delivery in classrooms and laboratories to maintain instructional quality.
- **Analyzed** student feedback and assistant performance metrics to recommend continuous improvements.
- **Established** coordination frameworks to improve communication efficiency among assistants.

PROJECT

DAPENSE

July 2024 – December 2025

- **Developed** a web-based financial system using Laravel, Bootstrap, Javascript, PHP, MySQL, and Nginx, covering General Ledger, Journal Processing, Cash & Bank Transactions, Financial Reporting, and Balance Reconciliation.
- **Engineered** relational database schemas and modular backend architecture to ensure transactional integrity and audit traceability.
- **Implemented** automated journal posting, reconciliation logic, and role-based access control (4 roles via middleware).
- **Assisted** in application deployment on a Linux server with Nginx and prepared technical documentation for system usage and maintenance.
- **Produced** workflow and feature documentation for financial system modules to support knowledge transfer and future maintenance.

COURSE & CERTIFICATION

- | | |
|---|-------------|
| • <i>Database Design and Programming with SQL by Oracle Academy</i> | 2023 |
| • <i>Belajar Menjadi Full Stack Web Javascript Developer by ITBOX</i> | 2026 |

COURSE & CERTIFICATION

- | | |
|---|--------------------|
| • Bachelor of Information Technology in Software Engineering | 2021 – 2025 |
| Universitas Kristen Satya Wacana (UKSW) - 3.64 | |
